

If you want to hide the group messages from your inbox

The screenshot shows the Gmail 'Create a Filter' dialog box. The title is 'Create a Filter' with a 'Hide filter options' link on the right. Below the title, there is a paragraph: 'Choose search criteria Specify the criteria you'd like to use for determining what to do with a message as it arrives. Use "Test Search" to see which messages would have been filtered using these criteria. Messages in Spam and Trash will not be searched.' There are three input fields on the left: 'From:', 'To:', and 'Subject:'. On the right, there are two input fields: 'Has the words:' containing 'list:"<physics43.googlegroups.com>"' and 'Doesn't have:'. Below these is a checkbox labeled 'Has attachment'. At the bottom, there are four buttons: 'Show current filters', 'Cancel', 'Test Search', and 'Next Step »'.

list:"<physics43.googlegroups.com>"

Click on Next step>>

Tick mark as shown in figure below.

The screenshot shows the Gmail 'Create a Filter' dialog box, Step 2: Choose action. The title is 'Create a Filter' with a 'Hide filter options' link on the right. Below the title, there is a paragraph: 'Choose action - Now, select the action you'd like to take on messages that match the criteria you specified. When a message arrives that matches the search: list:"<physics43.googlegroups.com>", do the following:'. There are several checkboxes: 'Skip the Inbox (Archive it)' (checked), 'Mark as read', 'Star it', 'Apply the label:' (checked) with a dropdown menu showing '-physicskerala.blogspot.com', 'Forward it to:' (unchecked) with a dropdown menu and a link 'Manage your forwarding addresses', 'Delete it', 'Never send it to Spam' (checked), and 'Send canned response:' (unchecked) with a dropdown menu showing 'Choose canned response...'. At the bottom, there are five buttons: 'Show current filters', 'Cancel', '< Back', 'Create Filter', and 'Also apply filter to 300 conversations below.'.

In apply label box select **New Label**

Then the following window will appear

Type the label name as “**-physicskerala.blogspot.com**”

Then click the **Create Filter** button.

If you want to see the messages click on the filter **-physicskerala.blogspot.com** on the left side of your Gmail inbox.
